

# Beamer Theme i4

Daniel Lohmann

July 23, 2009

## Section no.1

Subsection no.1.1

Subsection no.1.2

## Section no. 2

Lists I

Lists II

## Section no. 3

blocs

Each frame should have a title.

And can optionally have a subtitle (not that well supported by i4, though).

Without title somethink is missing.

However, together with the [plain] option this gives a lot of space!

Blubs and bla, didelda, ah, ah, ah.

- Introduction to  $\text{\LaTeX}$
- Course 2
  - Bla
  - Blub
    - Bla
    - Blub
- Termpapers and presentations with  $\text{\LaTeX}$
- Beamer class

- Introduction to L<sup>A</sup>T<sub>E</sub>X
- Course 2

- Introduction to  $\LaTeX$
